

We would like to take this opportunity to pay tribute to a very popular local retired police officer who died unexpectedly on 24th June. PC Terry Kipling served at Didcot until his retirement last year and was very well liked and respected by both by his colleagues and the local community. It is a great loss, as Terry was always there to help anyone and had a wonderful sense of humour. Before he retired he worked on our Rural Crime Team and knew many land owners. It is credit to what a wonderful police officer he was that since his death even those he arrested over the years have spoken of their sadness at the news. Our thoughts are with his family.

Parking

Areas which have been brought to our attention for parking issues;

- High Road and Church Lane, Brightwell Cum Sotwell – Inconsiderate parking is causing issues for the bus route.
- Reading Road, Wallingford – Vehicles are parking on the pavements causing obstructions to people using the pavement.

Any action by the Police in response to this kind of parking is governed by many factors. These include the seriousness of the offence, the road and traffic conditions at the time and the existence of other more pressing commitments for local police officers.

In terms of operational priorities our officers are encouraged to give preference to offences which might directly affect public safety followed by those which have an impact on traffic flow on main traffic routes. However even those priorities must be viewed in the context of the many other more pressing and demanding commitments which our officers face.

Anti-social behaviour (ASB)

We are aware of ASB in and around Radnor Road, Wallingford. This location has been added to our patrol plan so you may see an increase in police presence here. Teenagers are visiting the area late evening being noisy, rude and smoking/drinking alcohol. Please continue to report ASB by calling 101.

You said we did

We are pleased to update we have had a decrease in theft from vehicles and burglaries. This is thanks to the ongoing work of the neighbourhood team and other police departments. Please remember to be extra vigilant, keeping doors and windows lock and nothing on show.

Offenders brought to justice

Following an investigation by Thames Valley Police, a man has been charged with burglary offences and assault. James McDonagh aged 36, of no fixed abode, has been charged with seven counts of dwelling burglary and one count of assault. This relates to a burglary in Cholsey (and other areas outside of Wallingford)

Crime prevention advice

We have had an increase in reports of 'Nottingham Knockers' (door to door selling) in the area. Our advice is to not buy from these traders at the door step. You do not have to open your door to engage in these people and you do not have to make a purchase. Purchasing from people on the doorstep may encourage future traders to return to the area.

We have had reports of people attempting to use fake £20 notes in the area, please be mindful of this when out and about.

Speedwatch

PCSOs have been working with the Parish Councils in Warborough, Benson and Ewelme to set Community Speedwatch in the villages. This is something that is working really well in other area. Dorchester on Thames

are very proactive and recently recorded 26 vehicles exceeding the speed limit of 30mph. Warning letters are in the post! Please remember to drive sensibly and within the speed limit. Thank you.
